Transform Your Photos!

Create "picture perfect" photos with powerful editing tools! Easy Fix improves your photos instantly. Crop, rotate, sharpen, remove red-eye, face beautify, adjust brightness and more with just a few clicks.

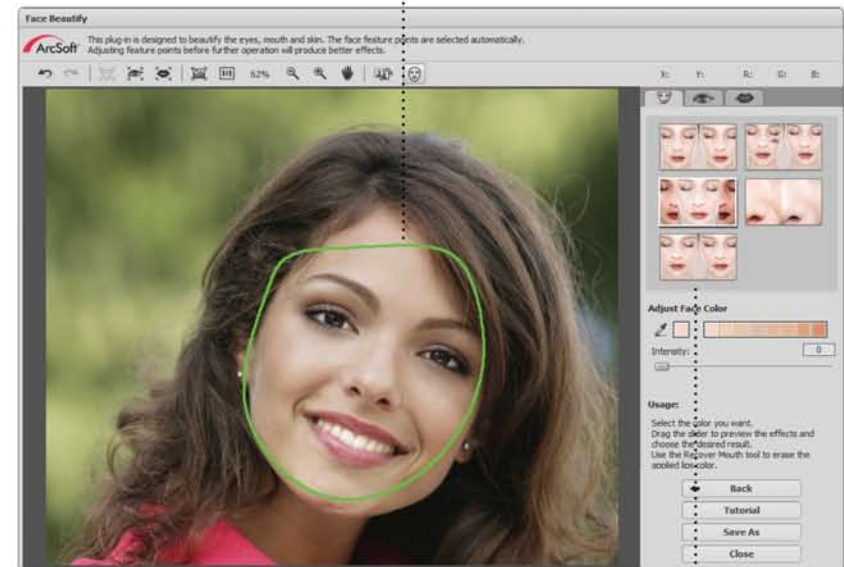

Use the Retouch Tools to enhance or repair photos, or the Editing tools to crop, straighten, fix red-eye, and add or enhance color.

Powerful Editing Features

Easily enhance photos with Face Beautify features: smooth skin, add a tan, remove blemishes, and brighten teeth. Experiment with makeover tools, black and white filters and many creative effects.

The face highlighter (shown in green) makes it easy to outline exact facial dimensions before you select a Face Beautify feature.

Use powerful editing tools to enhance facial features of any photo. Remove blemishes, smooth overall face appearance, add color to skin tone, enhance eyes and nose, and more!

Choose from multiple Face Beautify features to create professional-looking results. You can apply Face Beautify features to one or all faces in any photo.
